

# SETTING UP APPLICATION ENVIRONMENT

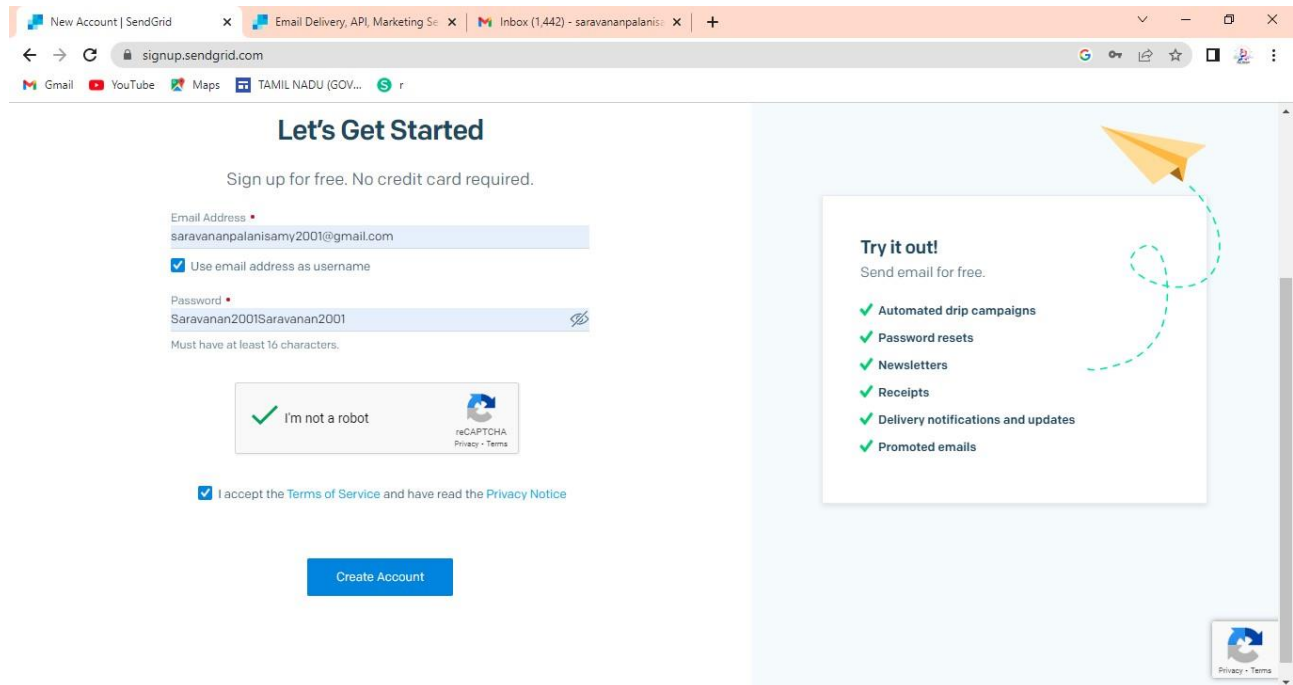

Team id	PNT2022TMID19724
Project Name	Plasma Donor Application
Team Members	KAVINPRASATH T S , ARUN S K, DINESH P, KAVINKUMAR S

## Create account in sendgrid:

### step 1: click start for free

## step 2 : Enter your Email id and Password

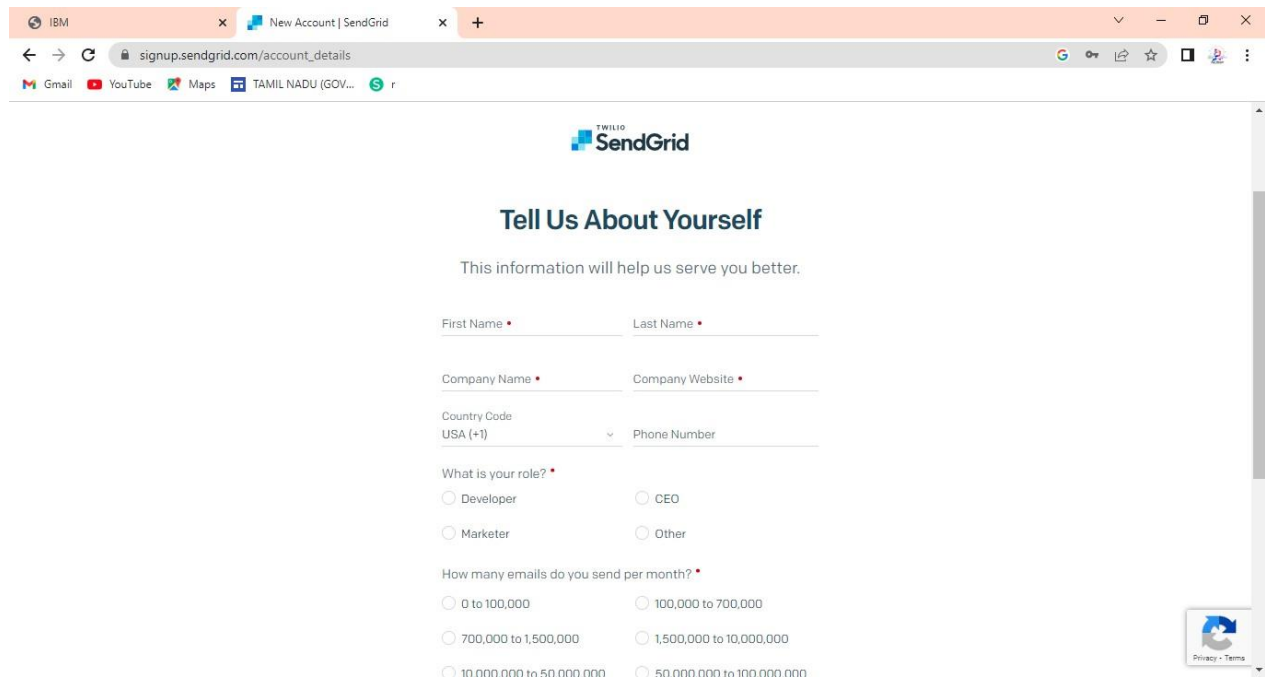

The screenshot shows the 'Let's Get Started' sign-up page on SendGrid. The page has a light blue background with a white form area on the left and a light blue sidebar on the right. The form area contains the following fields and elements:

- Email Address:** A text input field containing 'saravananpalanisamy2001@gmail.com'.
- Use email address as username:** A checked checkbox.
- Password:** A text input field containing 'Saravanan2001Saravanan2001'.
- Must have at least 16 characters:** A note below the password field.
- I'm not a robot:** A checkbox with a green checkmark and a reCAPTCHA logo.
- I accept the Terms of Service and have read the Privacy Notice:** A checked checkbox.
- Create Account:** A blue button at the bottom of the form.

The sidebar on the right contains the following text and list:

- Try it out!**
- Send email for free.**
- Automated drip campaigns**
- Password resets**
- Newsletters**
- Receipts**
- Delivery notifications and updates**
- Promoted emails**

## Step 3: Enter your details

The screenshot shows the 'Tell Us About Yourself' account details page on SendGrid. The page has a light blue background with a white form area in the center. The form area contains the following fields and elements:

- First Name:** A text input field.
- Last Name:** A text input field.
- Company Name:** A text input field.
- Company Website:** A text input field.
- Country Code:** A dropdown menu with 'USA (+1)' selected.
- Phone Number:** A text input field.
- What is your role?:** A section with two columns of radio button options: 'Developer', 'CEO', 'Marketer', and 'Other'.
- How many emails do you send per month?:** A section with two columns of radio button options: '0 to 100,000', '100,000 to 700,000', '700,000 to 1,500,000', '1,500,000 to 10,000,000', '10,000,000 to 50,000,000', and '50,000,000 to 100,000,000'.

## Step 5: successfully created your account

1. Import Configuration

2. Sender Details

3. Outgoing Mail Server Hostname

4. Connectivity Test

5. Authentication

6. Notifications

7. Finish

## How will the connection to the mail server be established?

Your connection settings depend on what your email service provider offers, and what your WordPress host allows.

Postman recommends  SMTP-STARTTLS with Password (Plain) authentication to host smtp.sendgrid.net on port 587.

**Socket:**

☐

 SMTP - sendgrid.net:587

☐

 SMTP - sendgrid.net:465
